Truman Building Solutions Celebrate at the 2017 HIA-CSR NSW Housing and Kitchen & Bathroom Awards

Truman Building Solutions celebrated their success at the 2017 HIA-CSR NSW Housing and Kitchen & Bathroom Awards on Saturday night.

The Alexandria based company won the HIA NSW Renovation / Addition Project \$600,001 to \$1million partnered by Builders Steel Direct for their project at Paddington.

Judges said, "The additions to this narrow terrace opened up a significant usable space which included two storey voids. These voids allowed light and air to penetrate throughout the terrace and provide views to the city and the external courtyard space. The building work, which has been well executed, involved detailed resolution of complex site related issues with the result being the transformation of this previous dark terrace into a beautiful light filled home."

Congratulating Truman Building Solutions on such an outstanding achievement, HIA Executive Director - NSW, David Bare, said the awards recognise excellence in residential construction in NSW and represents the exacting standards of our members.

"HIA members are dedicated to achieving the very best workmanship and standards in every project they undertake. HIA's Awards provide a tremendous opportunity for our members to showcase their projects and highlight building and design excellence."

"Congratulations to this year's winners and finalists for outstanding achievement in workmanship, innovation and design. HIA is always proud to be associated with our members and their exceptional design and construction projects."

"Major winners tonight can look forward to progressing to HIA's national awards next year and we wish them every success."

The awards were held in front of a sell-out audience at The Star. The MC for the evening was comedian Vince Sorrenti.

The Association's awards were a tremendous display of the housing industry's capacity, innovation and resilience in a very busy NSW residential market.

The Housing Industry Association (HIA) is the leading industry association in the Australian residential building sector, supporting the businesses and interests of builders, contractors, manufacturers, suppliers, building professionals and business partners.
